

“AS FANS, DO WE JUST SIT AROUND AND WAIT UNTIL, SAY, TOM BRADY MURDERS HIS FAMILY AND HIMSELF ON THE 50-YARD LINE ON NATIONAL TELEVISION? (OF COURSE, IT DOESN'T COUNT IF IT'S 10 YEARS AFTER HE RETIRES.)”

This compilation from Muchnick's no-holds-barred investigative website reveals the complete head injury story as it developed. Read about the NFL and WWE doctor who played fast and loose with the facts about the efficacy of the state-mandated concussion management system for high school football players. Discover that other highly touted solutions are also just self-serving cottage industries.

Irvin Muchnick's books have spurred Congressional investigations and influenced two United States Senate races. He is also the lead respondent of the 2010 Supreme Court decision Reed Elsevier v. Muchnick, which became part of an historic copyright case on behalf of freelance writers. Find him online at ConcussionInc.net.
