Subject: Meeting today

Dear Dr. Wecht,

Good afternoon. I hope you are having a lovely Passover. I spoke with my attorney, Stan Levanson, and he advised that I should tread very carefully since the FBI is still investigating our office. He advised me to first find out what we would be talking about and probably do it over the phone rather than a formal meeting. I may still remain a possible target or witness for the FBI and I may not want to do what may upset the investigators since I know they are watching. I am so so afraid.

Left to me personally, I would of course want to meet with you, no doubt whatsoever, but I have to be careful and listen to my attorney. If I am indicted these guys will immediately deport my "black ass" to Nigeria @!! I should be calling you later this afternoon once I am done with autopsies and a court testimony. I was prepared to meet with you at 2:00 but I thought it was wise to let my attorney know before meeting with you.

Thank you Dr. Wecht

Very truly yours,
Bennet
