I called Marilyn back and learned that she was an employer to a man named George Gibney. She advised that while she was on the internet she tripped onto some information about George Gibney that was very concerning to her and she thought I should know about. Marilyn advised that George Gibney used to be an Olympic Swim Coach in Ireland but was arrested or charged with sexually assaulting children there and then came to the United States. Marilyn said she used to be a swim coach as well and this is how she got to know George better.

Marilyn said she fired George Gibney the day prior to this call because he lied to her. She said he was working as a temporary employee for her company and then, after getting to know George, she hired him full time. She said one of the things they had in common is that they were both swim coaches for children.

Marilyn advised that she knew that Gibney went to Peru on behalf of an eye clinic for children. She said Gibney works with children in his parish and his is a volunteer in Golden at a Youth Detention Center. Marilyn further advised that the internet articles she read said he also coached the North Jeffco Swim Club in Colorado. Marilyn said the articles she found on the internet were on Google under Gibney. She said she found further information in Irish Times.com and Ireland.com. She said she thought Gibney was the director of an Advisory Board for the Youth Department of Corrections. She said he is also the Chairman for the International Peru Eye Clinic Foundation.

Marilyn advised that Gibney and his wife adopted an African girl who is now on the Irish Olympic Swim Team and is currently competing in the Olympics. Marilyn said the girl's name is Chantal Gibney. Marilyn said she knows that George has a brother who is a professor at Trinity College.

I told Marilyn that I had been sent articles last year concerning Gibney and concerns that he lived in our city at that time. I told her that he did not have to register as a sex offender and that he had not committed any crimes here that I knew of. I did tell her that I was very concerned that Gibney was working with children, especially children with issues such as being in detention or having eye problems. I further advised her that I was concerned that Gibney may travel with children in his parish to Peru. Marilyn did not know the church Gibney belonged to. She agreed to send me the information she located on the internet.

I attempted to find an advisory board through the Youth Department of Corrections but it is a State run agency and therefore does not have one. I called Lookout Mountain as was told the same. I know the members on the board for the Jefferson County Juvenile Assessment Center and Gibney is not on that. I called Arvada Police Department concerning the North Jeffco Swim Club and received a call back from Sergeant Joann Rzappa advising that she had investigated those allegations in 1995 and did not learn of any victims.

Marilyn advised that Gibney had access to a computer at work and when he was fired he was escorted to the door and did not have access to the computer. She asked if I wanted to come out and have someone look at it. I told her that I would have to send it to CBI and she would be without it for several months as it would take low priority because a crime did not exist at this time. Marilyn said she could be cooperative but she could not be without a computer for that long. She said she would have her computer expert check it and get back to me.

Marilyn told me that the place Gibney volunteers with young people is at the Lab School at Lookout Mountain. She said Bill Weiner is in charge of that and gave me his phone number, 303-273-2636. She said Gibney is the on the board for the Metropolitan State College Lab School at Lookout Mountain. On October 5, 2000, I called and spoke with Bill Weiner who advised that George Gibney is in fact on that board. I told him that Gibney had not committed a crime here that I knew of but had some information that he should be aware of if Gibney was having contact with kids. He provided me his address and I mailed him a copy of the information given to me by Marilyn Turner.

Nothing further to report at this time.

Subject: George Gibney

Dear Mr. Muchnik,

On September 20th, 2000, the Wheat Ridge Police Department was notified that an alleged sex offender named George Gibney was living within our jurisdiction. Detective Lila Cohen investigated the situation. Detective Cohen contacted the reporting party (RP) who was the president of an accounting company that employed Gibney. Detective Cohen was told that:

- The RP had fired Gibney the day prior
- The RP had discovered concerning information regarding Gibney on the Internet
- Gibney had gone to Peru on behalf of a children's eye clinic
- Gibney was on an advisory board for the Department of Youth Corrections
- Gibney may be a coach for the North Jeffco Swim Club

Detective Cohen notified the Arvada Police Department where the North Jeffco Swim Club is located. Sergeant Rzappa advised Detective Cohen that she had already received information concerning Gibney. Detective Cohen found that Gibney was on the advisory board of the Metropolitan State College Lab School at Lookout Mountain. Detective Cohen advised the person in charge of the Lab School regarding the allegations that Gibney was a sex offender. She also advised that the Wheat Ridge Police Department had no indications of specific allegations in Colorado.

Because there were no allegations regarding any crime in this jurisdiction, no investigation outside of notification was done. If you have further questions, I may be contacted at the below email and phone number.

Sincerely,

Commander Dave Pickett
